Summary

Data Scientist with 3 years of experience building ML models for e-commerce recommendation systems.

Skills

Python, Pandas, NumPy, Scikit-learn, TensorFlow, SQL, Machine Learning, Data Visualization, Statistics

Experience

Data Scientist — Flipkart (2022-Present)
Built recommendation engine using collaborative filtering, improved CTR by 18%. Used Python, pandas, scikit-learn.

ML Intern — Zomato (2021-2022)
Worked on churn prediction models using logistic regression and XGBoost.

Education

B.Tech in Computer Science, IIT Delhi, 2022
